DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 3, 4, and 6 are rejected under 35 U.S.C. 102(b) as being anticipated by Simpson (US 5,462,493).

Simpson discloses a device comprising: a wear face (23, 13) having a first surface (top of 23, see Fig 5) and a second surface (bottom of 13, see Fig 5), an elastic member (30) disposed against the second surface (see Fig 5), a retaining clip (11, 21) at each end of the wear face (see Fig 5), a seating member (2, 40, 41, 42, 43) extending along the length of the wear face (see Fig 5) penetrating the retaining clips (see Figs 3 and 5) and supporting the bodies, such that as the chain exerts force on the chain guide (col. 5 lines 21-36), the retaining clips slide on the seating member (the device inherently has some transverse movement, col. 5 lines 21-36).

Re claim 3, the wear face has a compression stop (112, see Fig 8) extending from the second surface toward the seating member (see Fig 8).

Re claim 4, the seating member comprises a support bracket or a flange (40, 41) extending therefrom.

Re claim 6, the wear face is made of a plastic material (col. 4 lines 51-63).

Allowable Subject Matter

3. Claim 5 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

4. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
